JAPANESE CABINET RESIGNS

Soviet Counter Offensive Is Continuing

Violent Fighting Rages Throughout The Night On Long Front

BULLETIN
New York, July 16.—The navy transport West Point, with 464 German and Italian consular officers, their families and other Axis agents aboard, weighed anchor today and started her transatlantic voyage to Lisbon.

BULLETIN
Moscow, July 16.—The general atmosphere in Russian quarters tonight prepared to be one of growing confidence, now in its fifth day, seemed to be falling to gain ground as fast as the fleet thrust through the Soviet's buffer provinces.

The weight of the battle shifted to the northern and central sectors of the long, Baltic-to-Black-sea front and a Russian counter-offensive was reported still continuing west of the Dniepr river. Advances from the front said German forces had been shoved back even farther than the 19 miles already claimed.

Signs of calm confidence were apparent in the capital. The exodus of women and children had slackened. Transport systems continued to function steadily.

BY THE ASSOCIATED PRESS
German panzer columns, knifing deep into the Stalin line toward Leningrad, were reported today to have taken 37 miles east of Pskov, but the Russians said their Red army had smashed the new drive and buried the invaders back to the west.

Soviet dispatches from the front said that a fierce Russian counter-offensive was continuing on the central front west of the Dniepr river, and that the Germans had been driven back even farther than the 19 miles claimed yesterday.

Violent fighting raged throughout the night as Moscow war bulletin said. Adolf Hitler's field headquarters again reported briefly that operations in the 25-day-old invasion were proceeding favorably and that in several places desperate Soviet counter-attacks were repulsed with heavy losses for the enemy.

Future of Battle
The Soviet high command, according to the Germans had won a temporary advance on the northern front, gave this detailed picture of the battle.

"In the Pskov-Porhkov sector (150 to 175 miles southwest of Leningrad) our troops surrounded enemy positions."

It's A "Tour" When Fire Bell Rings
It's becoming a habit for the fire department to handle two fire calls at the same time.
Yesterday afternoon the extra truck of No. 5 of the Central station went to a dump fire at Evergreen and Chestnut street and on the same trip handled a small fire at Hobble avenue and Chestnut street.

This morning the west side department made a run to the rear of 280 South Sixth avenue where there was a small rubbish fire.

Dr. Zapp Leaves

Dr. Manfred Zapp, a proprietor of the German Trans-Ocean news service, arrived at the pier from Ellis Island to join several hundred other Axis agents deported aboard the S.S. West Point sailing from New York harbor.

No Hurry About Enacting Rent Price Controls

Less Coolness On F.D.R.'s Proposal For National Daylight Savings Time

Washington, July 16.—Despite disclosure by President Roosevelt that specific methods of juggling down rents and prices during the war emergency were under consideration, congressional leaders said today it would be many weeks before legislation on the subject could even be brought up for debate.

Less coolness was evidenced in congressional quarters, however, toward another administration plan which would affect directly the lives of millions of Americans—the revision of daylight saving time. The question, raised yesterday for authority to order extension of daylight saving time wherever necessary.

Conservative Electricity
The President backed up the request with the argument that general use of daylight saving would conserve an estimated 736,282,000 kilowatt hours of energy annually which would help offset developing shortages of power needed for defense production.

Chairman Lea (D-Calif.) of the house commerce committee, however, would introduce a bill carrying the desired authority and hearings would start early next week. The reaction of many legislators was summed up by Senator O'Donnell (D-Wash.) who said that if daylight saving could "accomplish industrial objects for national defense there probably will be no opposition."

The rent control questions of rent and price control were brought up yesterday, and the chief executive reported that pegging of rents in defense centers was under study.

Further, he indicated the general price control legislation would have to be flexible to permit variations in the future. No general ceiling could be fixed over all prices, he declared. He suggested that rent and price control legislation could be handled

Fiestar Defense Offers Theory Of Suicide

Murder Trial Is In Ninth Day, Circuit Court At Watseka

WATSEKA, July 16.—(RN Special.) Defense testimony purporting to show a possibility that Royale Hinkle might have been slain by her fiance, who then killed himself instead of by her uncle, as the state charges, was on the records today of Robert Fiestar's murder trial.

Bodies of the 26-year old girl and her 24-year old betrothed Lloyd Gray, Hoopesport, were found in a bedroom of the girl's farm home near Woodland the morning of last March 28. They had been slain with a rifle. Fiestar, the 55-year old undertaker, subsequently was indicted and a new standing trial for Miss Hinkle's death.

Theory of Motive
The state finished its portion of the case yesterday. Much of the state's case was built around the contention that Fiestar was indebted to his niece financially and that her farm would become his if she died without descendants, and there was also introduced evidence purporting to show that the girl intended to marry Gray.

Testimony was given for the defense this morning by Ethel Arnold, Peoria, who said that Royale visited her in Peoria last Feb. 9 to 14th. Asked by attorneys if Gray was with Royale then, the girl answered in the negative and asked if Royale had "dates" with other men in Peoria the witness named one Royale Watson. On another occasion, the witness said, Royale "dated" with one Ed Christensen.

Source of Money
The next witness was Louis M. Korn, Peoria, who said he had known the Hinkle girl for nine years and that Fiestar and the girl had often talked business with him. He said that he helped them to work out the provisions of a deed of the farm from Miss Hinkle to her uncle, which there was the reverse of a clause previously referred to, and in which Fiestar reserved a third of the farm income and the right to live there.

Asked where Royale Hinkle got her money—with which according to previous testimony she paid off debts against the estate of Addo Fiestar, Oliver, her aunt, a former Watsekan, and from the estate of her step-uncle Ralph Oliver.

Corroborative Evidence
Testimony to the effect that Fiestar was in the Golden grill, Milford, the night of March 27, was given by Harlan and Leo Dixon, bartenders, and by Sid Johnson.

This corroborative evidence by Fiestar's testimony given last April 3. At that time he said that the night of the 27th he went to Rossville to see a man about working the farm. On the return, he said, he stopped in Milford.

From there he went to the farm, he said, reaching home about 2 o'clock in the morning. He slept in the basement, he said, and did not

2 Divorce Suits Prepared For Trial
Two suits for divorce were filed today for the circuit court in the office of Albert Tetrault, clerk of the court.
Dissolution of a marriage on Aug. 28, 1927 is asked in a complaint of Mrs. Lucille Carter, represented by Attorney Wayne H. Dyer She charges Robert Ambrose Carter with excessive use of intoxicants and cruelty.

She asks custody of children Betty and Maxine, 13; Greta Louise, 10; and Shirley Ann, 6, also maintenance for the children and adjustment of property rights.

Cuban Cabinet Resigns Today; To Reorganize

Havana, Cuba, July 16.—(P)—The Cuban cabinet resigned today to facilitate a reorganization of the government by President Fulgencio Batista.

The resignation was announced by Premier Carlos Saladrigas after a meeting with his ministers. He said resignations had been received from all cabinet members and would be submitted formally to the president this afternoon.

Except that they were preparatory to a government reorganization, no explanation of the cabinet's decision was issued immediately.

Government Is Rounding Up Revolt Plotters

Many Defendants Live In The Twin City Area, Minnesota

St. Paul, July 16.—(P)—The United States government began a roundup today of 29 persons charged by a federal grand jury yesterday with plotting a revolution while the accused National Socialist Workers party members and heads complained about "discrimination" and "persecution."

Indications were that many warrants would be served today since many of the listed defendants live in the twin city area. Ball in each case was set for \$5,000 pending trial in October.

Designed to Overthrow
Federal prosecutors described the action as designed to smash a plot to overthrow the government. Henry A. Schweinhaut, Washington, D. C., special assistant attorney general, said Socialist Workers party members in 1938 tested mobilization in a downtown Minneapolis parking lot by summoning "a private army" of 500 within an hour.

The defendants issued several statements. One by James P. Cannon, president of the National Socialist Workers party, said the indictments represented "the cynical payment of a political debt owed by Franklin D. Roosevelt to Daniel J. Tobin, president of International Brotherhood of Teamsters," adding: "The object is to help Tobin in his fight against the rank and file of the Minneapolis teamsters who have revolted against his dictatorial rule and gone over to the CIO."

Cannon referred to the recent bolt of a part of General Drivers union number 544 from A. F. L. to C. I. O. a move led by the three Dunne brothers, Vincent, Miles and Grant, all of whom were named in the indictments returned in St. Paul yesterday. When the bolt occurred a month ago, Tobin came here to charge the transfer was engineered because A. F. L. was about to penalize 544 leaders for radical activities.

Target Practice
Reviewing evidence before the jurors, Special Prosecutor Schweinhaut said the SWP held target practice in the 544 basement and that regular drill sessions were held in the union headquarters and in nearby vacant lots. The general plan, he said, modeled after the Russian revolution that overthrew the 1917 czarist regime.

According to Russian sources, this is a double line of captured German soldiers. This is another test.

Willie's Error Leads To Court And A Fine

It was a mistake when Willie Bykes, colored, 853 East Willow street, last night drove a car with only one license plate. It was a worse mistake when he put on the plate upside down.

After being arrested by Police Officers Wallace Plannery and Tom Marcotte, he explained that he had borrowed a car to drive while his own was being repaired and thought it sufficient to affix one of his plates in the meantime.

Magistrate Edward Hoennicke fined him a total of \$5.25. Darnell Coble, 803 East Willow street, arrested by the same officers for lack of a driver's license, drew a similar fine.

Hoffner Is New D. A. V. Commander

Louis Hoffner was elected commander of the Disabled American Veterans of Kankakee at a meeting last Friday evening at the Legion home.

Other officers elected to serve with him are—senior vice commander, William Potter; junior vice commander, Orban Walker; chaplain, Yvon Dandurand; adjutant, W. C. Oxford; treasurer, Frank Chinasky; state executive committeeman, Neils Jacobsen; officer of the day, James Christensen; sergeant at arms, Homer Poskins; judge advocate, Harry S. Streeter; publicity service, Martin L. Sheehan; color guard, Harold Franklin and James B. Hoffner; membership chairman, William Potter; auditing committee, Sheehan, Smith and Lester Reed; directors, Jacobson, Sheehan and Chinasky.

The officers were installed by Department Commander Don Jones of Rock Island, who also talked on matters pertaining to veterans.

CCC Enlistment Is Extended

The period for enlistment in CCC camps has been extended for the remainder of this month. It was announced today by an officer of Camp Gilman.
Any young man eligible for enrollment may enroll at any CCC camp. He will also be sent to any camp in this state he would prefer, it was pointed out. These are recent changes made in the enrollment rules.
Another change is that if at the end of two months, a young man would like to continue his education he will be granted a school leave.

Report Goering, Nazi No. 2, Now In Disgrace

London, July 16.—(UP)—Reports spread today that Field Marshal Hermann Goering, Nazi No. 2, was in disgrace in Germany after quarreling with Adolf Hitler over the German war on Russia.
Die Zeitung, anti-Nazi German language newspaper, published in Britain, asserted that the reports were correct.

Goering was said to have urged Hitler to build up air strategy on the western front.
Paul Joseph Goebbels, propaganda minister, Joachim Von Ribbentrop, foreign minister, and Heinrich Himmler, chief of the gestapo or secret police, were said to have opposed Goering and Hitler was reported to have sided with them.

Goering resigned his command of the air force, according to Die Zeitung, and Hitler assumed control of it, naming Field Marshal Erhard Milch his commander in chief.

It was added that Goering had retired to his country home, Karinhall, and that the estate was cordoned by gestapo men.

Urges "Shots" Of Diphtheria Serum

A report of the immunization survey for diphtheria in the public schools was made public today by Mrs. J. M. Cooper, president of the Kankakee P.T.A. council.
The Schick test was given to 1,432 children had negative reactions to number, 1,015 had positive reactions. In a following survey only 178 of this number had been given immunization shot. A total of 147 children had negative reactions to the tests.

Mrs. Cooper urges parents to have their children immunized before the opening of school in September.

3 Minor Auto Mishaps In City

Eugene Hershberger, 1350 East Maple street, was injured but not seriously in a bicycle-automobile accident in the 500 block of East Merchant street Monday evening.
Hershberger was riding a bicycle and was not driving an automobile, as stated yesterday. The car was driven by Mrs. E. C. Giles, 1804 East Maple street.
Reports of recent accidents in the city are on file at police headquarters as follows:
Autos of William Anderson, 35, 728 North Schuyler avenue, and Fred Herman, 58, 135 North Washington avenue at 6:35 o'clock yesterday morning.

The auto of Mrs. Helen Houseworth, 38, 206 North Evergreen avenue, and an unidentified car at Station street and Wildwood avenue at 2:20 o'clock yesterday afternoon.

Dr. C. E. Fidler Sends Rabies Expert Here

Drive To Destroy Stray Dogs And Cats Is Started Today

Dr. C. E. Fidler, Kankakee who is chief veterinarian of the state department of agriculture, former Kankakee county veterinarian, today took cognizance of the threat of a rabies epidemic in Kankakee.

He has notified Dr. C. K. Smith, Kankakee health officer, that he is sending here Dr. C. D. Van Ausdall, veterinarian of his department, who will make an investigation.

Dr. Smith said this morning there are no new developments in the hydrophobia situation here, except that the condition of the dog of the J. J. Condon family, 750 South Chicago avenue, became such last night that it was necessary to kill the animal.

Head Examined
The head will be sent to the state laboratories for examination as to the existence of rabies.
This dog supposedly was bitten by the same dog which bit the cocker spaniel of the Alderman Clarence Sanborn family, boulevard, on June 29, 1941. Cobb dog has since died of rabies.

Mayor Albert F. Hattenberg today emphasized that yesterday's proclamation by him ordering the extermination of all dogs found at large without muzzles, also stray cats, was in deadly earnest.
The possible shortage of muzzles will not be regarded as an excuse, the mayor said, since it is the duty of dog owners to keep them confined if muzzles are not available.

Meanwhile, Dr. Smith said it is very important for all persons to use the utmost care in handling any animal which appears to be sick.

Kankakee Is Made A Corporal

Private John Parastinski, a Kankakee, of the medical department of the air base headquarters, Baerfield, Fort Wayne, Ind., has been promoted to a corporalship, it was announced today.
He is the son of Mr. and Mrs. Adolph Parastinski 434 North Union avenue.

Prince Konoye And Yosuke Matsuoka Out

Emperor And Empress Return To Tokyo From Their Summer Palace

Tokyo, July 16.—(P)—The cabinet of Premier Prince Fumimaro Konoye, which put Japan in the axis line-up and bound her in a neutrality accord with Soviet Russia, resigned suddenly today.

Its resignation a palace announcement said, was to strengthen the government's policies in facing the situation at home and the confused problem abroad.

Konoye presented his government's resignation en bloc to the emperor at his summer palace at Hayama, southwest of Tokyo, and, as usual in such circumstances, received an imperial command to remain in office until another government is organized.

The emperor and empress arranged to return promptly to Tokyo, Matsuoka Out.

Foreign Minister Yosuke Matsuoka, who was influential in involving Japan in the two major pacts which now are keystones of her policy—the axis alignment and Soviet neutrality treaty—was among those who went out.

Still ill in bed, Matsuoka was not present at an emergency meeting of the resigned ministers but submitted his resignation to Konoye earlier.

The resignation came exactly a year after Prince Konoye was entrusted with the formation of a government which was to deal with grave issues arising from the war in Europe, especially the German conquests of France and the lowlands.

The Konoye cabinet was formally inducted on July 18, 1940, two days after the emperor commissioned Konoye with its formation.

Negotiated Neutrality Accord
Most widely known of the Konoye ministers was Foreign Minister Yosuke Matsuoka, who is considered largely responsible for Japan's adherence to the Rome-Berlin alliance and who personally negotiated a Japanese-Russian neutrality accord at Moscow last April 13.

The German attack on Russia confronted the Japanese government with an embarrassing choice between these two obligations, and there were reports that Matsuoka might have to step out for that reason.

His opponents charged that he had presented for the emperor's approval two international accords which proved contradictory. There had been no indications, however, that the resignation of the

Friday Installed As Leader Of Kankakee Lodge
George L. Friday was installed as worshipful master of Kankakee lodge No. 389, A. P. and A. M., on Tuesday evening at the Masonic temple. There was a large attendance.
Charles R. Miner, district deputy grand master of the 44th district, was the installing officer and was assisted by Clifford O. Yeates as marshal and George B. Setts as chaplain. Harold Root is the retiring master. At the conclusion of the ceremonies he was presented with a jewel.
Other officers installed were: Senior warden, Irvin C. Taylor; junior warden, Harry Root; treasurer, Fred E. Carlson; secretary, Howard L. Mann; senior deacon, Frederick Meyer; junior deacon, William Plambeck; chaplain, Harold Root; senior steward, Edward McFarland; junior steward, Harry Clark; scribe, George R. Gaudin; marshal, Maxlyn Devine. Refreshments were served during the social hour which followed.

Employables On Relief Rolls Must Register For Jobs
Springfield, Ill., July 16.—(P)—Relief clients found to be employable in August will be required after August 1 to maintain registration with the state employment service.

The new requirement, announced yesterday by Governor Green after a conference with Russell L. Peters, executive secretary of Illinois emergency relief commission, which is shortly to become the new public aid commission, is part of a state administration campaign to cut relief rolls by finding employment for recipients.

Employment registrations of relief clients are to be kept in the active file and a close check will be made by employment and relief authorities, Peters said. Failure of a relief client to maintain his registration or to accept a job offered him will result in discontinuance of relief allowances.

Recipients of relief who live in cities where there are employment offices will be required to report to these offices every 60 days.

"This procedure has been developed in order to expedite further the referral of job opportunities to all employable persons receiving relief," Peters said.

"Not only will the registrants of these persons be kept active and be available for referral for jobs developed by local relief officials, but the Illinois state employment service has also agreed to continue its special efforts to develop job opportunities for those occupants in which large numbers of relief recipients are classified."

Establish Price Milk Delivered In June; \$1.93

Chicago, July 16.—A blended price of \$1.93 a hundredweight, 35 test, 30-minute curd, will be paid all milk producers in the Chicago federal milk marketing area for milk delivered in June.

A. W. Colbank, acting administrator of the federal marketing order, said today the price, 4 cents over that for May and 44 cents over the June, 1940 price, was the highest paid in the market under the federal order, excepting November and December, 1940, when the prices were \$2.02 and \$1.94 respectively.

The computation of the blended price is based on prices which handlers pay for milk supplies in the four different classes of utilization. These prices, which were announced previously, are in turn based on the average wholesale prices in the Chicago 92-score butter and Plymouth, Wis., cheese markets. These markets provide the basis for determining the price for evaporated milk.

The total amount of milk reported by handlers in June showed a drop in production from the previous month for the first time since February. The June drop was 219,364,339 pounds, a drop of 14,614,430 under May's 234,053,829.

For June deliveries producers will receive \$4,271,992.90, compared with \$4,423,088 for May and \$3,908,782 for June, 1940.

Washington, July 16.—(AP)—Senator Lucas (D-Ill.) introduced a bill yesterday (H.R. 1747) to require the government to pay Will County, Ill., \$41,840 annually for the loss of taxes on property acquired for a munitions plant.

UNIVERSITY HEAD HOPES ENROLLMENT WILL DECLINE
Norman, Okla.—(UP)—Joseph A. Brandt, 40-year-old farmer newspaper man who becomes president of the University of Oklahoma Aug. 1, has some unorthodox ideas about university administration.

Brandt hopes, among other things, that the university registration decreases instead of increases. He believes that superior instruction will be offered if enrollment drops from 6,500 to about 5,500.
Brandt's resignation as director of the Princeton University Press, Princeton, N. J., becoming effective simultaneously with the start of his new assignment.

Russia Well Supplied With Industries

Soviet Ambassador To London Explains His Country's Position

London, July 16.—Russian Ambassador Ivan Maisky said today that even if Moscow should fall to the advancing Germans the Soviet Union's widely dispersed industries would be able to keep the Red army in the field "fully supplied."

"For years we planned dispersal of heavy and light industries vital to the war effort to guard against the possibility of a surprise attack," Maisky explained.

"Should Moscow fall, a catastrophe which I do not believe will occur, the war effort will continue in the factories and growing industries in the rear."

Leninград Not Vital

Although Leningrad industrial region is threatened by German forces striking through Narva and Pskov, the ambassador declared that the city is not vital to the war effort.
